Founder & CEO:

AHLEM BEN-OTHMAN

Ahlem Ben-Othman is an Engineer, an Entrepreneur and an Executive Coach, she is the founder and CEO of World Network CS in Tunisia, the Co-Founder of ARAHA SARL a multinational services company based out of Tunisia and operating in the MENA region. She has also served as the Training & Development Director for the Tunisian American Chamber of Commerce (TACC) for 5 years, where she developed the training content, managed and coached the EATP program, a 5 month program designed to cause a transformation in people seeking jobs in this tough

economic time. The program had over 80% success rate in that more than 80% of the people found jobs after being in the program. As the CEO of World Network CS and GM of ARAHA she continues to provide consulting and management coaching services to companies in Tunisia as well as in the MENA region. She designs and leads seminars in management, communication and leadership and provides individual as well as group coaching.

Prior to returning to Tunisia and founding her own company, Ms. Ben-Othman lived in the United States for 20 years and had a 14 year career in Information Technology (IT), 8 years as a Software Integration Engineer and IT Project Manager. She occupied positions such as Chief Information Officer, Lead Project Engineer and Consultant, in these positions she recruited and managed IT professionals, designed and implemented complete technology solutions for various clients such as large hospitals and government agencies in the United States. These clients include Texas Medical Center, Kaiser Permanente, Trinity Hospitals and the North Carolina State Bureau of Investigation (SBI).

For 10 years Ahlem volunteered with Landmark Education leading seminars in the US and England. She coached and trained leaders (men and women) in discovering their life's purpose, fulfilling their dreams and transforming their environment such that they realize what they see possible in their careers, their communities and in life itself.

She earned her M.A. in Mathematics Education and a certificate to teach mathematics from the State of Ohio, a BS in Civil and Environmental Engineering from the Ohio State University, in Columbus Ohio and she wrote a Thesis and published a report on the *Climatological Analysis of Lake Erie Circulation* for the US Army Corps of Engineers.

Ahlem is the president of the youth empowerment and development association (YEDA), a founding member of the Mediterranean Coaches Club, and a founding member of Women & Leadership NGO. She is a member of the honor society of civil engineers (CHI EPSILON) of which she was the Ohio State University chapter president 1989, the National Council of Teachers of Mathematics (NCTM), the Society of Women Engineers (SWE), and the winner of the OSU women leadership award 1991.

She speaks 4 languages and lives by the motto "anything is truly possible".
